Dated 7-4-48.

[Despatch Abstract.]

Industries - Sericulture - Orga-
nisation of a Canteen and canteen
at the silk filatures. The
Order passed

From: A. Thaleeli Esq., F.C.S.,
Director of Industries and
Commerce, Madras.

Secretary to Government,
Development Department,
Madras.

No. 7402-D./46 dated 5th February 1947.

7 - FEB 1947

12556

Sir,

Sub: Industries - Sericulture - Government Silk Filatures, Kollegal
Organisation of canteen and crèche services - Proposals -
Sanction sought.

At the instance of Hon'ble the Minister in charge of Industries and Labour, I have been considering for sometime now, the question of organising a services canteen and crèche for the welfare of the labourers of the filatures, on the lines of those organized by some of the leading mills in South India. I visited some of such mills in Coimbatore with the Inspector of Factories, Coimbatore. The General Manager, Government Silk Filatures, Kollegal also visited these mills. The organisation of canteen services and crèche in the different Coimbatore Mills is on similar lines. The Pioneer Mills which has labour strength equal to that of the Filatures is a model worth copying. There are separate buildings for the canteen and crèche with spacious dining and refreshment rooms. Good tea is given at half anna a cup and a full meal at annas. The average expenditure over the crèche is Rs. 300/- per month and the average cost per child looked after comes to 12 annas per day. There is a qualified mid-wife assisted by three nurses.

The following are some of the details to be considered in the organisation of a services canteen and crèche in the filatures.

1. Location of the canteen and crèche.
2. Necessity to subsidise the canteen by Government.
3. Agency for running the canteen service.

1. I have proposed to accommodate the canteen in the lunch shed of the Government Silk Filatures, Kollegal, where an area of 1500 sq.ft. is available for this purpose. If some improvements are carried out to the lunch shed, it will be sufficient to accommodate the canteen here. Government have already sanctioned G.O. No. 2273, Development dated 10-6-46 a sum of Rs. 3250/- and Rs. 3000/- for the extension of general stores and workshops respectively. As the above works are not considered so essential now in view of the accommodation available in the Kollegal Silk Filatures, Kollegal, I propose to utilise this amount for effecting the required improvements to the lunch shed. The proposed expenditure on this account will be Rs. 3900/- Detailed proposals in this regard are being submitted separately.

2. The canteen services organised by the Industrial establishments in Coimbatore have been subsidised by the managements of those concerns as it will be impossible otherwise to provide cheap and wholesome meals and refreshments to the labourers. The Inspector of Indian Tea Marketing Board, S.I. Division who was consulted by the General Manager, suggested that the expenditure on rent, electric current charges and the cost of establishment may be met by Government by giving rent free accommodation, free electricity and firewood. A subsidy of Rs. 450/- per month as below will be found adequate for this purpose. I agree with the General Manager, Govt. Silk Filatures, Kollegal that unless the canteen in the Govt. Silk Filatures is subsidised by Government as above, it will not be possible to cater cheap meals.

Rent free accommodation..	Rs. 35/- per mensem.
Electric charges	5/- "
Firewood	100/- "
Establishment.	31/- "

Rs. 455/- or Rs. 450/-

This expenditure may be included in the working expenses of the filatures which will increase the cost of production of silk by about 1 annas per lb. of silk assuming the production per month to be 5000 lbs. of silk.

3. The Inspector of Indian Tea Marketing Board has promised to send a Sub-Inspector and a demonstrator for a period of 3 months to organise and run

P.T.O.

the canteen without incurring any expenditure, and to hand it over to the management after that period when sufficient experience will have been gained by that time. In organising the canteen we will have to provide for brass vessels, aluminium and other equipments for which a capital expenditure of Rs.1000/- would be required. A list of utensils and other equipment required for the canteen with their approximate cost is appended.

4. Regarding the organisation of the crèche in the Government Silk Filatures, Kollegal, it is anticipated that it may become necessary to provide for 20 babies on an average as in the case of Pioneer Mills, Coimbatore. The following expenditure of capital and recurring nature is necessary for this purpose as below:

12 cradles with small beds, rubber sheets and bed sheets at Rs.20/- each.	Rs.240/-
One almirah to keep bed sheets and other articles.	100/-
Feeding bottles, brass tumblers, spoons, vessels etc.(lumpsum)	150/-
Cotton ropes to tie cradles.	10/-

	Rs. 500/-

Recurring Expenditure per annum:

5 Seers of Milk per day for free distribution to children at 0-8-0 per seer. $0-8-0 \times 5 \times 300 = \text{Rs.}750/-$

2 qualified midwives at Rs.50/- per mensem	1200/-
Uniform allowance at Rs.40/- each	80/-
Renewal of bed sheets, rubber sheets and cradles.	370/-

	Rs. 2400/- or
	Rs.200/- per month.

I request that Government be pleased to approve the scheme of organising the canteen and creche services in the Government Silk Filatures, Kollegal and to sanction (1) a capital expenditure of Rs.1000/- and a recurring expenditure of Rs.5400/- per annum of the canteen services and a capital expenditure of Rs.500/- and a recurring expenditure of Rs.2400/- per annum ~~text~~ for the crèche in the Government Silk Filatures, Kollegal.

From: A. Khaleeli Esq, I.C.S.,
Director of Industries and
Commerce, Madras.

No. 7402-B1/46 dated 23rd May 1947

Sir,

Sub:-- Government Silk Filatures, Kollegal- organization of canteen and creche services-Proposals.

Ref:-- government memo No.12556-D/47-1, Dev.
dated 18-2-47.

The particulars called for in the government memo cited are furnished below;

Para (1) of the government memo: 1) The departmental canteen ceased to function with effect from 18-10-45 but a private agency is now running a canteen for ~~government~~. The only help which this canteen gets from the department is by way of procuring controlled articles such as rice, sugar etc.

Private ~~canteens~~ canteens are generally no good- particularly so now. ~~Government and~~ private agencies generally use inferior stuff, their preparations are unwholesome and the charges are usually high. If the workers are to have wholesome and nutritious meals, the filature itself will have to run the canteen ~~is~~ and the sooner the private canteen is replaced by a departmental one, the better. When Mr. Giri the former Minister for Industries visited Kollegal in 1946, he remarked, after seeing the present canteen that it should be replaced by one organised and run on up-to-date lines by the filature itself.

Para 2 of the government memo: The general manager expects that the labourers will spend on an average about three annas per day, but it is difficult to say how many workers will take advantage of the benefits of the canteen. It is not therefore possible to estimate the probable expenditure and receipts. If Government agree to ~~defray~~ the cost of establishment, and provide free accommodation, as well as free electricity and firewood, this canteen should it is expected be ~~more than self supporting~~.

Para 3 of Government memo: The scale of pay of midwives in the Medical department sanctioned recently is Rs.40-3-55-1-70. It would suffice if provision is made only for Rs.960/- instead of Rs.1200/- proposed previously. The present rate of uniform Allowance is stated to be Rs.40/- per annum, which is to be drawn only on the completion of a year of service.

~~My~~ ~~In my original proposals~~, I have not taken into consideration the initial expenses on the purchase of provisions etc. In order to meet the preliminary expenses and urgent incidental charges a permanent interest amounting to Rs.1000/- would be required. This is in line with the proposals of the Electricity department to run a canteen departmentally in the Mettur Workshops. I request that government may be pleased to sanction a permanent interest of Rs.1000/- and to permit the opening of a personal Deposit Account in the name of the general manager, Government Silk Filatures, Kollegal for running the canteen.

R on p 5 N F

In the proposal contained
in the letters cited, the U.D. has
recommended a subsidy of Rs 5040,
per annum towards electric charge
firewood and establishment of the
canteen and ^{the} creeche. It has been
suggested that, as in the case of ^{the} P. W.
Workshop Canteen, the help of the Govt.

May be continued to providing free Near 5A1

accommodation, utensils and furniture
that the running of the canteen should be done by the workers themselves on a self-sufficient basis
does not satisfy the criteria laid down

and that, as the scheme ~~cannot~~ ^{regularly meant and essential programs}
~~be considered so essential that delay~~ A on p 6 r/r

~~in sanctioning it will cause a~~
~~breakdown in the machinery of~~
~~administration, it may be brought~~
~~forward as a part II scheme for~~
1948-49.

The Dte is requested to
offer his remarks on the above
suggestion.

No. 7402-D/46 dated 24/9/47.

Industries and Commerce Department.

From: P. Govinda Menon, Esq. B.E., Joint Director of Industries and Commerce, Madras.

To : The Secretary to Government, Development Department, Madras.

Sir.

Sub:-- Industries - Sericulture - Government Silk Filature, Kollegal - Organisation of Canteen and Creche Proposals.

Ref:-- Government Memo No. 12556-D.I/47-1 Dev. dated 7/7/47.

I agree that the help from the Government in running the Canteen may be restricted to providing free accommodation, utensils and Furniture, the running of the canteen being left to the workers themselves. A meeting of the board of Directors of the Filature employees cooperative stores Ltd., in which all the Filature Labourers are members, discussed this question and unanimously agreed to take up the running of the canteen also. The running of the canteen could very well therefore be handed over to the workers' Cooperative Society.

The running of the Creche is however a different matter and I am of opinion that Government should run it, departmentally, the expenditure on this account ~~must~~ out of the Filature funds.

I furnish below an abstract of items for which Government sanction is required for the efficient working of the Scheme:

I. Capital expenditure of Rs. 3,900/- plus Rs. 2,320/- for the improvements to the Lunch shed for the canteen and Creche and for the modification to the cocoon stores for locating the Filature Employees Cooperative Stores. Proposals are with Government vide my letter No. 331-L/47 dated 13/5/47.

II. Capital expenditure of Rs. 1000/- for utensils for the canteen proposed in this office letter No. 7402-D/46 dated 5/2/47.

III. Capital expenditure of Rs. 500/- for the creche for Cradles, Clothing etc. proposed in this office letter No. 7402-D/46 dated 5/2/47.

IV. Capital expenditure of Rs. 965/- for furniture for the Canteen, an estimate prepared in consultation with the Inspector of Tea Market Expansion Board is enclosed. This item of expenditure was not proposed in my original proposals.

V. Recurring expenditure of Rs. 2600/- per annum for the working of the Creche. In the original proposals an expenditure of Rs. 2500/- was proposed taking the pay of the 2 midwives as Rs. 50/- without taking into consideration the Dearness Allowance. In the revised scale, the pay for the midwives is fixed as Rs. 40/- plus Dearness Allowance of Rs. 18/-. A revised estimate for Rs. 2,600/- is enclosed.

I need hardly point out that it is essential that Government should prove a model employer and the provision of canteen and creche which is a statutory obligation should not be postponed. The question of the early establishment of the canteen and creche was discussed with the Hon'ble Minister for Industries when he camped at Kollegal in August 1947 and he was pleased to agree that it is an urgent necessity. In the above circumstances I recommend that the Scheme be pushed through expeditiously.

I request therefore that Government may be pleased to sanction the scheme of establishing a canteen and creche in the Government Silk Filatures, Kollegal immediately. The expenditure on this account will be met from the funds available in the current year's budget provision.

S. R. Srinivasan

" " d.15-5-47
" " 24-9-47.

ORDER No. Ms. 1733 Dated 7/4 1948.

In the letters cited ~~above~~ the D.I.&C. has submitted proposals for the organisation of a canteen and a creche for the benefit of the workers employed in the Government silk Filatures, Kollegal. His Excellency the Governor of Madras approves the proposal and sanctions an expenditure not exceeding Rs.6770/- (Rupees six thousand three hundred and seventy only) as per details given below:-

- | | |
|--|--------------|
| (1) Improvements to the lunch shed for accommodating the canteen and creche. | Rs.3,900 0 0 |
| (2) Utensils and furniture for canteen | 1,965 0 0 |
| (3) cradle clothing etc for creche. | 500 0 0 |

or Rs.6365 0 0

The creche should be run departmentally.

3. Sanction is also accorded to the incurring of a recurring expenditure of Rs.2,600/- (Rupees two thousand six hundred only) per annum to be expended for the working of the creche including pay for two midwives at Rs.40/- p.m. each.

4. The expenditure should be debited to '85.A. Capital outlay on Provincial Schemes of state Trading & other miscellaneous schemes - J. Government Silk Filatures, Kollegal. 8. other charges - Miscellaneous expenses.'

To A.S.

Demands on the budget estimates have already
been voted by the Legislature and formal intimation
of approval of Government of the proposal is expected
subject to orders a draft order is submitted below
for approval. It may issue on receipt of intimation
of approval from Finance Department. Finance
may see the draft order below.

Tols

Please see the Correspondence in the CF.

At the instance of Sd/- V.V. Girija Minister for Industries and Labour, the D.O. has prepared a scheme for reorganisation of a serial canteen and creche in the filatures. The D.O. who was asked to justify in greater detail the need for starting a canteen under Govt Control at Kollayat where a canteen was working already for the benefit of the workers employed in the filatures, has stated that private canteens are no good, particularly so now, private agencies generally use inferior stuff, their preparations are unwholesome and the charges are usually high. The D.O. also states that ^{when} Sd/- V.V. Giri the former Minister visited Kollayat in 1946, he remarked after seeing the present canteen that it should be replaced by one organised and run on cooperative lines by the ^{Govt} filature itself. Hence, the D.O. considers that the filature itself will have to run the canteen and the former private canteen is replaced. In better of time, it is proposed to proceed with the proposal, the following remarks being called for on it.

✓ Location of the Canteen and creche

The D.O. proposes to locate the canteen in the lunch shed of the

28F Kollegal where an area of 15000 sq ft is available for this purpose. The one proposes to carry out some improvements to the shed at a cost of Rs 3200. Am p 1 CF
No special remarks seem called for on this proposal. May be accepted. 16

3. Subsidising the canteen by Govt

The Mte has recommended subsidising by Govt of the canteen at a recurring expenditure of Rs 450/- per annum. Vid details at H on p 1 CF this proposal calls for no special remarks and may be accepted. May be accepted is to increase the cost of production of 1/2 per lb

4. Running of the canteen

The Mte states that the Inspector of Indian Tea Marketing Board has promised to send a Sub Inspector and a Demonstrator for a period of three months to organise and run the canteen without charging any expenditure and to hand it over to the management after that period when sufficient experience will have been gained by that time. The Mte has proposed a capital expenditure of Rs 1000/- for providing brass vessels, aluminium and steel equipment. Vid details at p 2 CF He has also proposed the opening of a personal deposit account for a permanent interest of Rs 1000/- in the name of the General Manager, 28F Kollegal for meeting the initial expenditure on the purchase of provisions etc. These proposals call for no special remarks and may be accepted. as the Mte on p 9 CF

5. Criche

The DUE has submitted proposals for the organisation of a crier in the G.F., Kallejal to provide for 20 ladies on an average. He has proposed a capital expenditure of Rs 500/- V.D. at K on p. 2 of. This may be approved.

Recurring expenditure

L on 2 CF

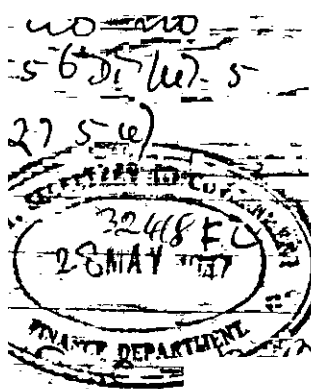

X on 7 CF

Qualifid midwifery at Rs 40-3-55-1-70 per annum with uniform allowance of Rs 40/- per annum	Rs 250/-
Renewal of bed sheets, rubber sheets and caddles	760
	80
	370

Rs 2160

The figures for midwifery & for the renewal of bed sheets etc are not on the same scale. The amount of Rs 220/- for the renewal of bed sheets, rubber sheets and caddles appears to be too small. The more desirable to be accepted in the place of the above is Rs 2160. After orders are passed, the sum may be sent to the Finance & Revenue Dept.

23547/23547/

— Finance (Exp. C.)

Please see the D.I.C.'s reference on pp. 1-2 and 5-1. Devt. id/Dept.'s note from p. 1 above.

2. Expenditure involved in the D.I.C.'s proposals shown below:—

Non-recurring:—

Accommodation (Cost of effecting improvements to the existing building shed.)

Non-recurring.

Continued

(2) Purchase of Brass and Aluminium vessels, cradles etc. etc. (for details please see 'K' on p.2 C.F.)

Rs. Rs

3,700

1,500

5,400

Recurring.

(3)(a) Subsidy towards ~~living running~~ expenses and staff of the Canteen (for details please see 'M' on p.1 C.F.)

5,040

(b) Subsidy towards running expenses and staff of Crèche. (for details please see 'L' on p.2 C.F.)

2,400

Total Rs. 7,440

3. The main reasons adduced by the D.I.C. in support of the present proposals are that the management of the Industrial Establishments in Coimbatore have subsidised Canteen Services and that some of the leading Mills in Coimbatore area have organised canteens and crèche services on similar lines for the employees. Development have supported the D.I.C.'s proposals.

4/ Attention is invited to rule (1) under sub section (1) and (2) of section 33 of the Factories Act, 1934 - extract put up at (M). It would appear that if the Govt. silk filatures at Kollegal, employ more than 50 women workers a crèche should be provided at the cost of Govt., and that in addition to accommodation a properly trained nurse or ayya for every 30 children and suitable equipment etc. should also be provided. By the Factories (Amendment) Act, 1947 the Govt. have made it obligatory under the law that every factory wherein more than 250 workers are ordinarily employed, an adequate canteen should be provided for the use of the workers.

In the circumstances it is submitted that Finance may agree the D.I.C.'s present proposals subject to the remarks below.

5/ (a) Accommodation. Please see the notes in the top file.

No special remarks seem to be called for on this item. The estimate may be accepted.

12-12-20 (b) Purchase of brass and aluminium vessels, cradles etc.

The total estimate under this item for both the canteen and the creche is Rs 1,500. As it is evidently based on actual requirements, the estimate may be accepted.

(c) Subsidy towards the running expenses, staff etc. of the canteen and the creche. The subsidy required for running the canteen is reported as Rs 5,040 p.a., on account of electric current charges, ^{costly} firewood and pay and allowances of the establishment. The D.I.C. has suggested that this expenditure may be included in the working expenses of ^{the} silk-filatures and ultimately passed on to the purchase of silk by increasing the cost of production of silk by ~~Rs~~ 1½ annas per lb. It may be mentioned, in this connection, that in the case of ^{the} P.W.

Workshop, it was ordered that while the initial expenses on provision of accommodation, utensils and furniture for the canteen ~~may~~ be met by the Govt., the running of the canteen itself ~~will~~ should be done by the workers themselves on a self-supporting basis. On that analogy, Finance may advise ~~that~~ that in the present case also, the help ^{from Govt.} for canteen may be confined to providing ~~free~~ ^{recurring} accommodation and utensils etc., the ~~XXXXXX~~ expenses on running the canteen being left to the workers themselves. If this is agreed to, no subsidy need be sanctioned for running the canteen.

As regards the creche it is submitted that though the Rule 111 under the Factories Act contemplates the provision of a properly trained nurse for every 30 children, it is not known whether in the creches maintained in the Govt. Cinchona plantations nurses are employed at the cost of the Govt. and whether the entire cost ~~of~~ running the creches, including the cost of milk distributed to the children, is also met by the Govt. and debited to the working expenses of the plantations. ^{kindly} Development may be requested to obtain information on these above points and to send the file again to this department for remarks on the question of subsidy towards the running

expenses of the canteen. ^{the pay of the qualified midwife may be with the revised scale of Rs 40-70. The uniform allowance being regulated with reference to the rates laid down under Class VIII in the Madras Annual of S.P. 19, 1944, Vol. II.} The total non-recurring expenditure on the creche and the canteen is only Rs ~~45~~ 5,400 and if it is subsequently decided

FINANCE DEPARTMENT
J. W. C. C.

$$\frac{1000 \pm 100}{2 \times 10^3} = 1$$

Finance (Exp.C)

(Finance last noted on page 7 above)

Please see the further notes on pages 8-9 above.

2/ The D.I.&C has agreed to the suggestion of this Dept. that the running ^{expenses} of the canteen should be left to the workers themselves and that the initial expenditure ~~on~~ on the provision of accommodation, utensils and furniture may be met by the Govt.

Non-recurring cost: The estimated non-recurring expenditure on provision of accommodation etc. for the canteen and the creche is now reported to be Rs 6,365 as against Rs 5,400 previously estimated. The increase is due to the inclusion of Rs 965 for the purchase of furniture which was not proposed previously. The revised estimate of Rs 6,365 may be accepted.

Recurring cost: The recurring cost of running the crèche is now estimated at Rs 2,600 per annum as against the original estimate of Rs 2,400 per annum. The reason for the increase is explained at B on page 11 C.F. The revised estimate may be accepted.

3/ In June '47, this Dept. suggested that the proposal might be brought forward as a Part II scheme for 48-49. The D.I.&C has now urged that, for the reasons stated at C on page 11 C.F. the scheme should be pushed through expeditiously. It is submitted that, in the circumstances explained, Finance may agree to the introduction of the scheme in the current year.

4/ Financial procedure: As the creche is to be run departmentally and as the running expenses on this account and the non-recurring expenditure of Rs 6,365 are to be met by the Government and debited to the working expenses of the Govt. Silk Filatures, the proposal need not be treated as a 'New Service'. The proposal need not also be submitted to the Standing Finance Committee and the Cabinet, as the non-recurring and recurring expenditure do not exceed the limits prescribed therefor, viz., Rs 20,000 and Rs 5,000 respectively.

Schemes of new expenditure of this kind should ordinarily be brought forward as part II schemes. As noted on page 6 above, the delay in ^{not} sanctioning it in the current year itself will not it is submitted cause a break-down in the administration. The fact that the additional expenditure involved can be met from the funds available in the current year's budget is not a valid reason for sanctioning the scheme in the current year itself.

In the case this Dept may advise that the proposal may be considered as a part II scheme for 1948-9.

If the Dev. Dept do not agree they may be requested to obtain orders in O.A. including I.M. (Fin).

C86

14.X.47

Addy

Having laid down certain criteria in regard to schemes which might be introduced in the course of time, it is desirable to adhere to the criteria. This scheme may be considered as a Part II scheme for 48-49 as suggested by AS above.

dated 13.2.1947.

--050--

ORDER:

Sanction is accorded to the retention of the temporary
staff detail 1 in the annexure for employment in the Cinchona
Department for the posts listed at each.

2. All the staff except the District Supervisor, Kottapalayam
will be eligible for the special compensatory allowance or 1.
The District Supervisor will also be eligible for the special allowance of Rs.
1-12-0 p.m. and the District Supervisor will be Rs. 3-0-0 per annum.

3. Orders regarding the retention of the posts of one Head
Accountant and one Senior Division Clerk for work connected
with the Endemical Estate will be issued separately.

4. The expenditure on account of the staff sanctioned in
this order should be met from the provision in the budget for
1947-48 under the head '43. Industries - d Cinchona
Plantations voted.'

5. Separate orders will be issued in regard to the revised
scale of pay for the posts of Head Accountants.

(BY ORDER OF HIS EXCELLENCY THE GOVERNOR)

R. T. SUNDARAM,

ADDITIONAL SECRETARY TO GOVERNMENT.

To the Director, Cinchona Department
To Chief Engineer Public Works Department (General Buildings
and Defence.)
To the Surgeon General.
By the Accountant General through Finance.
